

COMPACT WATER HEATERS

Electrolux instantaneous water heaters are reliable, easy to install, and provide simplicity and convenience.

A wide range of models can meet the needs of all categories of customers: those who needs an easy-to-manage compact water heaters, and those who prefer intelligent solutions.

NPX 8 FA 2.0

Precise temperature control

Touch control and LCD-display enable to adjust heating temperature with up to 1 °C precision.

Multi Memory technology

Pushing one button allows to set individual temperature mode.

Technical characteristics

Characteristic/Model	NPX 8 FA 2.0
Rated Voltage, V	220
Type of Heating Element	Ni80Cr20
Half/ Full Power, W	8800
Rated Frequency, Hz	50
Water flow (L/ MIN) for Δt 29°C	4,2
Accuracy of heating to the established temperature	$\pm 1^\circ\text{C}$
The resistivity of the water Omega cm Ω	$\geq 800 \Omega$ 15°C
Ingress protection class	IPX4
